WELCOME ALUMNI!!

FINAL GAME WILL FEATURE PROGRAM FOR HOMECOMING ON THANKSGIVING

Fray Will Be Tough Battle With
Fast, Powerful, Oklahoma Eleven

OLD GRADS EAGER FOR WIN

Sooners Have Showed Well in
Tough Schedule Against
Fine Teams

By JOHN BUSICK

As the outstanding attraction on the Homecoming program, Gorge Washington points proudly to the Colonial-Oklahoma University football game, to be played at 2:30 on Thanksgiving Day, in Griffith Stadium. To most of the "old grads," success in this game will mean more than any other event in the Homecoming. They have followed the rapid rise of the Colonials in the football realm under the experienced guidance of Coach Jim Pixlee.

And this opportunity of witnessing their Alma Mater in a major grid contest against one of the West's outstanding eleven will be welcomed. Undoubtedly much of the fine spirit already shown in this first general meeting between alumni and students at George Washington has been occasioned by the Turkey Day season finale.

Played Tough Schedule

Coach Lewie Hardage will bring from Oklahoma a team that has hung-

Scene From "Happy Landings" Will Add To Colorful Stunts

Troubadours to Repeat Highlight of Former Show for Homecoming

Troubadours will add greatly to the enjoyment of George Washington's Homecoming celebration at stunt night on Wednesday, November 23, by presenting the night club scene from last year's very successful show, "Happy Landings."

The tall chorus, costumed in black and silver to carry out the color scheme of the scene, will present a new feature in the way of chorus routines. The following girls will dance in the chorus: Virginia Hawkins, Jane Hughes, Hilda James, Margaret Maxwell, Platonis Pappas, Betty Reynolds, Helen Sherkey, Kathleen Watkins, and Dorothy Wilson.

The most colorful feature of last year's scene, the fashion show, will be repeated with a display of this season's styles modeled by Betty Bacon, Clara Critchfield, Kathryn Dille, Jane Edwards, Adele Gussack, Cecile Harrington, Dorothy Heflebower, Betty Jacobs, Elizabeth Orth, Josephine Raynor, Betty Shipp, Marcia Stauffer, and Ruth Warren. Craig Morris, who has the tenor lead in "Oh Say Can't You See?" will sing "Clothes Make the Girl Make the Man," as the fashion show progresses.

Former Stars Return

Stars of "Happy Landings!" and other Troubadour successes of past years, who have since graduated, will return for the stunt. Midge Burnham will sing the song hit "Keep Kissing;" "Soc" Kennedy will return to entertain with his imitable tap dancing; Louise Berryman will be back also. Ruth Molyneux, Joe Danzansky, and Bill Claudy, who have prominent roles

President's Message

It is good to welcome the alumni members of our family returning for this Homecoming Day. I hope you bring many ideas and enthusiasms for us and that you may carry away in your hearts many hopes and pledges for your alma mater. I am glad that you are here with us.

CLOYD H. MARVIN,
President.

Richard A. Tilden Wins Davis Prize Speakers' Contest

Elizabeth Reeves, Seymour Mintz Win Second, Third Places, Respectively

Richard A. Tilden, speaking on the subject of "Centralized Control of Industry," won the Davis prize speaking contest, which took place before a sizable audience last Tuesday evening. Elizabeth Reeves won second place with her subject, "Socialism and the Next Era," and Seymour Mintz third, speaking on "Capitalism has Not Broken Down."

Tilden said: "In the words of a noted economist, my story tonight is a story of too much wheat and not enough bread; too much cotton and not enough clothes; too many bricks and not enough houses; too much drudgery and not enough jobs."

Technological unemployment was the principal factor stressed in his talk. By technological unemployment he meant simply unemployment resulting from new labor-saving devices, mergers, and general efficiency methods. He was opposed to the planless installation of machines in a mad scramble by the manufacturer to increase and monopolize profits and not to labor saving devices in themselves. Tilden described Henry Ford's dream in which he imagined himself dead. He was being carried to his grave by six of his employees. Coming to life suddenly, Mr. Ford said, "If you would put wheels on this thing, you could lay off five of these men."

Reeves Condemns Economic Order. Elizabeth Reeves said that we cannot hold the head of our government responsible when our whole economic

Law Review Issue Appears Wednesday

First Number Carries Articles By
Wickersham, Van Vleck,
Clarence Miller

The first issue of The George Washington University Law Review, the University's new legal periodical, will make its appearance tomorrow. The publication will make use of the University's splendid law library and the unusual opportunities afforded by the City of Washington to render a unique service to the legal profession.

The November Bicentennial issue will carry three leading articles. George W. Wickersham, former Attorney General of the United States and president of the foremost Law Institute, writes on "The World Court and the Senate Reservations." An article on "Administrative Justice in the Enforcement of Quasi-Criminal Law," by Dean William Van Vleck, is a resume of the more detailed discussions contained in the dean's book, "Administrative Control of Aliens."

Clarence A. Miller, lecturer in law, writes on "The Necessity for Preliminary Resort to the Interstate Commerce Commission."

In addition to the leading articles, the November issue will contain editorial comments, book reviews and annotations on recent cases, including the latest Supreme Court decisions.

The Review is edited by John Albert McIntire, of the Law faculty, with a faculty board of associate editors and a board of 35 student editors appointed on the basis of high scholastic standing. Copies of the first issue can still be obtained by applying to the office of University Publications, 2016 H street N. W.

Ambitious Schedule Presented For Homecoming Celebrations

Every Organization on Campus to Participate in Events; Expected to Become Outstanding Tradition of University

Here at last! It begins tomorrow at 9 a. m. and on until the wee small hours of Friday morning. An ambitious schedule has been arranged to fill every hour of the two days devoted to the alumni and student body "get-together." Not a solitary moment has been left unoccupied. The Homecoming committee saw to that! Every organization on the campus will participate in what will probably become the outstanding tradition at The George Washington University.

The following, representing every important organization in the University, are members of this Homecoming committee: Jack Goode, chairman; Wendell Bain, Dan Beattie, Karl Dieffenbach, Bourke Floyd, C. Manley Fessler, Lester Gates, William Hanback, Ted Rinehart, Ruth Warren, and George Wenzl.

Program Opens at 9 A. M. in Lambie House

Homecoming begins at 9 a. m. tomorrow at Lambie House. An Alumni committee will greet all alumni, who are urged to register. Open house will be held throughout the school so that alumni may meet the professors in classes and renew friendships. Gate and Key and the Delphi will serve as a guide committee to the visitors.

From 2 until 3 o'clock, President Cloyd Heck Marvin will receive the alumni in the trustees' room.

At 3:30 p. m., the Frosh-Soph pushball tussle will take place on the Mall under the direction of Laz Sommers.

Again, from 4:30 until 6:30 o'clock, Dr. Marvin will receive alumni in the trustees' room. Tea will be served.

Stunts Begin at 8:30 P. M. at Washington Auditorium

At 8:30 p. m., tomorrow, All-University Night (Stunt Night), under the direction of Dan Beattie, will be featured at Washington Auditorium, Nineteenth and E streets N. W. Admission will be free.

The evening will begin with the introduction of Dr. Cloyd Heck Marvin, president of the University, and Coach Jim Pixlee. Dr. Elmer Louis Kayser will officiate as master of ceremonies.

Following the speakers, Dr. Kayser will present the football team, and then the theatrical section of the program begins.

Six hilarious skits will be presented by Campus Organizations.

Six hilarious skits have been arranged. Dr. Kayser will announce each one in that style of wit and humor peculiarly his own. The probable order of the numbers will be:

(1) Chips Personified—Sophomore skit satirizing well-known individuals of the University.

(2) Troubadour Skit—Presenting the night-club scene from last year's production, "Happy Landings." This will introduce stars of former productions now in professional work. A big surprise number is included. Of special merit is the famous Royal Blues recording orchestra, stage and radio stars from Georgia, who have donated their services. Dan Beattie will be guest conductor. Gowns used in the style show, which is part of this scene, are from the shops of Jelliff, Inc.

(3) Skitish Homecoming—Freshman skit, presenting much talent in an excruciatingly comical manner.

(4) Fraternity Burlesque—Inter-fraternity production which is a take-off on fraternity activities, the high-light of the number being the famous Male Dancing Chorus.

(5) Pan-Hellenic Skit—Being another take-off, but on campus freshmen and introducing the Campus Beauty Chorus in the best Ziegfeld manner.

(6) Cue and Curtain—A burlesque offering of their latest effort, "Cock Robin."

(7) Incidental music will be furnished by the University Band.

(8) The Combined Men's and Women's Glee Clubs, under the direction of Dr. Robert Howe Harmon, will offer a special arrangement of songs between the various skits.

The production department and stage crew of the Troubadours will handle the "back-stage" work, under the direction of Dean Longfellow.

At the conclusion of the program at Washington Auditorium, all the fraternities will hold open house, the hour of departure depending upon the individual. And so ends tomorrow's schedule.

Open House All Day Thursday at Fraternities

Thursday, the Homecoming program begins again with an all-day open house at all the fraternities.

At 2:30 p. m., the football game between George Washington University and Oklahoma University will take place at Griffith Stadium. A number of stunts have been arranged as part of a surprise program.

After the game, buffet suppers will be served at the various fraternity houses.

Homecoming Ball Opens With Reception

At 9:30 p. m., the Homecoming Ball will begin with the reception of alumni in the Chinese room of the Mayflower Hotel. Receiving with the President of the General Alumni Association, Dr. Daniel L. Borden, and Mrs. Borden, will be the President of the University and Mrs. Marvin, Mr. and Mrs. Joshua Evans, Jr., the Provost of the University and Mrs. William Allen Wilbur, the President of the Columbian-George Washington Law School Association and Mrs. Matthew H. O'Brien, the President of the George Washington University Medical Society and Mrs. John A. Reed, and the president of the Student Council, Elton Billings.

At 10:30, dancing will begin in the main ball room of the Mayflower. Music to be furnished by John Slaughter and his orchestra. Dancing will continue until 1:17, after which open house at the fraternities will continue to bring Homecoming Day to a close.

Fraternities Refuse to Reveal Nature Of House Decorations for Homecoming

By LUDWIG CAMINITA

There is mystery in the air! A Hatchet reporter inquired at every fraternity house as to its decorations and programs for Homecoming day, but every one felt reticent about making any announcements. Each Greek society hopes to outdo the others with colorful decorations and elaborate trimmings to win the cup being presented for the best decorated fraternity house. They were tight-lipped; publicity was shunned.

However, we do know that one house is building an oil derrick two stories high. Another is rumored to be planning a series of graves depicting the G. W. U. football victories, with an open grave for the Thanksgiving day game. Still another house plans an ingenious hula dancer who will perform for the edification of all visitors. This is all we know.

Startling and vivid must be these decorations if they are so shrouded in mystery! Programs of a varied and unusual nature are certain to be presented. If a hula dancer CAN be announced, and other programs can NOT, those programs must be of a plenty hot-tamale nature.

"Cherry Tree" Pictures Are Now Being Taken

Cherry Tree pictures are being taken daily from 9 to 5 o'clock and in the evenings from 8 to 10 o'clock on Tuesday, Thursday and Saturday, with the exception of Thanksgiving Day and evening, at Casson's Studio, 1333 Connecticut avenue, northwest. Telephone Decatur 1333.

Wandering Greeks Organize; Choose Epsilon Xi as Title

Savage, Trammell, Touchton,
and Kennedy Are Elected
as Officers

Epsilon Xi was chosen as the official name for the newly-organized Wandering Greeks at their meeting November 14. These two letters are the first letters of the Greek words meaning "Greek strangers," and were selected to distinguish the association from all Greek letter men on the campus.

There are a thousand odd fraternity men, without local chapters, registered in the various colleges and schools of the University. It is, therefore, needless to say, that it would be difficult and unwieldy to affiliate all such students. However, it is the intention of the group to consider those national social fraternity men who are really interested and who meet the requirements laid down by the University authorities.

Officers Are Elected

In completing the organization, officers were elected as follows: Robert D. Savage, president; Charles Trammell, vice-president; Charles Touchton, secretary, and Ralph Kennedy, treasurer.

Committee chairmen were appointed to begin work on athletic and social affairs. Joe Carter is handling the formation of a basketball team, which he hopes to have in condition to challenge the teams of the local fraternities very soon. Charlie Touchton will begin outlining a social program which should be under way the latter part of December.

Definite arrangements have not been completed for permanent headquarters, but a suitable location is being sought. "Soc" Kennedy, chairman of the committee, hopes to have such a place available by the first part of December. When these plans materialize, Epsilon Xi intends to hold "open house" to which local fraternity men and sorority women will be invited.

Freshman President Missing From Home

Dieffenbach's Disappearance Is Mystery to University Students

Karl Dieffenbach is missing!

The newly elected president of the freshman class was first reported missing on Wednesday when the statement was made by his father, Rudolph Dieffenbach, that Karl had not been home for two days.

Apparently his disappearance was premeditated, for he is known on the day he left to have sold his \$100 stamp collection for \$30.

Karl is tremendously interested in botanical research and especially floral specimens. It is thought possible that he may have gone further south to pursue investigation along this line.

Dieffenbach is a graduate of Western High School, where he was on the staff of the high school annual, "The Westerner," and was a member of the school debating team.

Football Banquet

Reservations for the annual football banquet to be held December 14 at the Mayflower Hotel may be secured from Max Farrington or Jack Espey at the gymnasium. Price \$2.50.

MAYFLOWER BALL THURSDAY NIGHT TO CAP FESTIVITIES FOR HOMECOMING

Johnnie Slaughter and Emory Daugherty to Furnish Music; Alumni Will Attend

FOOTBALL MEN ARE INVITED

General Alumni Association Will
Hold Reception in Chinese
Room

Climaxing the varied program of events arranged for the first annual Homecoming, the ball at the Mayflower Hotel Thursday night will feature every type of entertainment and attraction which can be worked into this sort of affair.

Alumni from far and wide are signifying their intention to be present at this function, and the entire balcony has been placed at their disposal.

As specially invited guests of the evening, members of both the Oklahoma and George Washington varsity football teams will attend. Old grads will have the opportunity of meeting the boys whom the newspapers are designating as "George Washington's spectacular eleven."

Reception Precedes Dance

Preceding the ball, the General Alumni Association of the University will hold an Alumni Homecoming reception from 9:30 to 10:30 p. m. in the Chinese Room of the Mayflower Hotel. All alumni, faculty, and students are cordially invited to attend.

Johnnie Slaughter and his nine-piece rhythmic orchestra, widely-known for his particular brand of sweet, snappy and scintillating strains, will furnish the music for the occasion, with his facile violin in evidence. Emory Daugherty also has promised to appear

Law Alumni Take Interest in Local Legal Aid Bureau

Beatrice Clephane Is Director
of Bureau, Run by Staff
of Twelve

George Washington law alumni and undergraduates are taking a prominent part in the activities of the local Legal Aid Bureau, which has just concluded its first month of work in the handling of meritorious cases for destitute clients.

Beatrice Clephane, LL.B., '24 is director of the bureau, which has offices at 1418 I street northwest. The work is performed by a volunteer staff of six men and six women lawyers. Miss Catherine McCloskey, Mrs. Elizabeth Cox, and Mrs. Elizabeth Castell, graduates of G. W. Law School, are on the staff. Other G. W. graduates assisting in the work are Harryman Dorsey, Julian L. Latimer, Jr., and James Wrightson.

The cases handled by the bureau involve wage collections, debts, landlord and tenant relationships, installment contracts, non-support of dependents, and other civil actions excepting personal injury, and divorce and bankruptcy cases. Of 60 cases which were brought to the bureau in its first month of operation more than nine-tenths were amicably adjusted without court action.

Has Van Vleck's Support. Miss Clephane states that the work of the Legal Aid Bureau has the interest and support of Dean William C. Van Vleck of the Law School and that the members of the staff of the bureau have been materially assisted by investigations of cases made by G. W. students. Miss Verna Parsons, Rob-

We Extend Our Welcome To Homecoming Alumni

GEORGE WASHINGTON UNIVERSITY WEL-
COMES ITS ALUMNI HOME THIS WEEK! The
campus and all its environs are yours. For many a
day we have looked forward to our first annual
homecoming celebration. Tomorrow festivities be-
gin. There will be fraternity welcomes, a parade,
pep rally, football game, and all kinds of entertain-
ment during the next few days. Students, alumni,
and the administration have united in a sincere en-
deavor to make this truly a homecoming for its
alumni. We hope that it will establish a pleasant
tradition.

Congratulations to Cue and Curtain on "Cock Robin"

This week-end has just brought to the customers
of the Wardman Park Theatre one of the pleasant-
est of theatrical moments. Cue and Curtain scored
a decided hit with "Cock Robin." And the reception
of the drama was indeed well deserved. In ad-
dition to an efficient staff of ushers and technicians
the entertainment was made even more perfect
by the premiere of the University Symphony Or-
chestra. There is but one cause for lament. Too
few students attended the performances. This is
indeed a pity. The play was worth the price of ad-
mission. It was good. There was no need for stu-
dents remaining away on account of fearing the
unfortunate incidents which usually attend an
amateur production. Cue and Curtain has attained
too much professionalism for that. Perhaps the
Wardman Park is too far from the beaten track
to attract student patronage. And again perhaps
a graduation of prices might furnish the incentive
for increased patronage. It is possible that one
night at a downtown theatre such as the National
or the Belasco might prove more successful. That
is a problem for promoters of Cue and Curtain.
BUT THERE IS NO NEED FOR STUDENT AP-
PREHENSION OR FEAR OF MEDIOCRE ACT-
ING. CUE AND CURTAIN HAS CONCLUSIVE-
LY ABSOLVED ITSELF OF THAT CHARGE.

Christmas Vacation Begins Too Late for Students to Go Home

A SURVEY OF SIX NEIGHBORING SCHOOLS
INDICATES THAT THE AVERAGE DATE FOR
THE COMMENCEMENT OF THE CHRISTMAS
HOLIDAY RECESS IS DECEMBER 17. Yet at
George Washington the recess begins on December
23 and ends January 2. This is all very well for
those students living in close proximity to the Uni-
versity. But the short period before Christmas
Day makes it almost impossible for those from dis-
tant points to travel home to spend at least a por-
tion of the holidays with the "folks."

For the enlightenment of those interested we
present some interesting material: Maryland U.
closes December 14; American U., December 18;
Georgetown, December 23; Catholic U., December
17; Duke U., December 17; and Virginia ends an
examination period by closing officially on Decem-
ber 22.

WHILE THE HATCHET IS LOATH TO SUG-
GEST STUDENT PETITIONS, WE ARE CON-
VINCED THAT THE UNIVERSITY SHOULD
REASONABLY EXTEND THE VACATION
DATES TO BEGIN AT NOON, DECEMBER 21,
AND EXTEND TO INCLUDE JANUARY 2. Such
an arrangement would enable practically all stu-
dents to make the trip home and would result
in but a small additional loss of school time. This
loss could be made up during Spring vacation if
that is found necessary.

MAY WE EXPECT FAVORABLE CONSID-
ERATION FROM THE ADMINISTRATION ON
THIS MATTER?

We Commend the Efforts of the Davis Prize Speaking Contestants

Essays presented in the recent Davis Prize
Speaking Contest were the result of a good deal
of painstaking labor on the part of the contestants.
While only three prizes were awarded, the losers
have the consolation of knowing that there was
little to choose between any of the speeches. And
winners and losers alike are certain to benefit by
the effort and ability they displayed in preparing
and delivering perhaps the most outstanding pub-
lic utterances of their undergraduate days.

CHIPS

Whoopie, Folks!—It's Homecoming! With all
the fixins! Welcome grads and near grads; just
take a slant at the ole school. With all this talk
about exterior and interior decoration, there sure
ought to be some steam in the old burg tonight.

With due modesty, the beauty chorus refused to
lower its straps to fit the leg display for the local
press Kodakers, when they took that whiz bang
picture last week—you can't fool our little Nells,
mister. A glance at that picture makes me think
that the home products are being overlooked.

Those old timers like Heflebower, McNary, Rose,
and Hall are beginning to show signs of encroach-
ing, etc., etc., when compared with those freshmen.

Possum Pixlee pessimistically prophesies defeat
for them—Oh! hum! you wouldn't like to put some
money on that, would you, Coach? You ask "Who
Killed Cock Robin?" some say that Ragatz worked
him to death, well, he was killed, and seemingly
for no other reason than to give a few people the
chance to call the Kappas a lot of choice names;

and could Chittum take it? It was quite a relief
to Rollo when they announced it was a clean play
and not another one of these college affairs I hear
tell about. Would Al Costello, local sports celeb-
rity, inform us as to the nature of his business be-
neath the table in Baltimore last week? Did the
lady's beads break, or was it just in case? A gar-
rote (50c word) for the next person who says a
bunch of this or that for etc. It's a bit far-fetched
when they begin handing lilacs to an athletic team,
don't you think? Dart O'Keefe's cane, spats and
formal coat may suggest just what causes your
low marks in rhetoric. Try one for every class.

Cele Harrington's so proud about being an Aunt
you would think she had something to do with it.
Now that the rugs are bought, we hope Lyd
and Max Farrington will settle down and wait for
another reason to spring into print. To keep pace
with "Arrow" Glass, another reporter gives us a
story about Lock and Key. That Freshmen-Radio
squad game to all appearances was staged as
amusement for the varsity, but featured among
mud and gratis admission such interesting bits as
a 4-yard penalty, which strengthened the conviction
that all referees are cross-eyed. "Bomba,"
the handsome football waiter at the K. D. shanty,
promised all the K. D.'s dates with the football
team, providing the said K. D.'s pay the following
commission—1 slug for a brunette, 2 for a blonde
(why?) and 5 for a bricktop—That's good finance,
but my, the risk. John Law forced the Sigma
Kappa's to discontinue their sidewalk chapter meet-
ing under such a protest that it moved the chival-
rous defender of peace to profanity. Agnew and
Young spent the week telling each other how poor
a chance the other one has at the Watson menage.
—A duel should be a paying proposition, Anita.
Try it. How puerile our freshmen. One little lass
was heard to ask her escort at "Cock Robin" to
help her walk down the stairs because she might
fall with an evening gown on, as she hadn't prac-
ticed enough. Wandered into The Pelican Club,
whose walls are covered with pictures by alleged
artists (they look like drunken interpretations of
the Chicago fire). Saw among others "Peg"
Cook—she of the lousy sweater and co-ed skirts—
also our editor (not with "Peg"). About the
"Sooners," here tis: A time was set for settlers to
advance into an unsettled piece of Oklahoma terri-
tory. The settlers were called "Sooners" because
the sooner they got there the better land they ac-
quired. When they arrived, they found many were
"Sooner" than the "Sooners." Anyway the name
stuck. Milt Goodman, Cue and Curtain cast-off,
is outstanding Troubadour star. One little maid
wants to know who "Smooth Nellie" is. Well, this
week the title goes to the Bryn Mawr exchange
editor, who addresses her exchange to us so—
"The University Tomahawk." As soon as we
smear the "Sooners" I'll be seen' you.

Bouquets and Brickbats

Homecoming week brings a bed of roses for
some, and plenty of stumbling blocks for others
on and about the campus. . . to our alumni guests
it's nothing but orchids and plenty of them (WEL-
COME HOME ALUMNI!) . . . and to the students
and organizations who have joined whole-hearted-
ly in making the week-end a success we present
another bouquet . . . more roses and orchids to the
proposed action of the Commerce and Economics
fraternity at G. W. that hopes to become affiliated
with a national organization (Alpha Kappa Psi) . .
and to O. Arthur Kirkman, president of the national
group, for his encouragement when they enter-
tained him last week . . . orchids to Cue and Curtain
for excellent performances of "Cock Robin" . . . and
to Louis Malkus and his symphonic organization
for a brilliant premiere appearance . . . plenty of
choice blooms to the promoters of Friday noon
chapel for scheduling of a special speaker . . . and
wilted daisies to the frosh who insist upon wearing
"pep hats" on the streets . . . plenty of lilacs to the
athletic department, which contracted for the use
of the Tech High gym for local basketball games
(the place will easily seat 4,000 spectators) . . . and
orchids to the Glee Club for any number of things
 . . . its contribution to the Community Chest pro-
gram over Radio Station WMAL . . . and its bril-
liant work at the Davis Cup Oratorical contest
Tuesday night (it held a special rehearsal before
that appearance) . . . and to the participants in the
contest nothing but bouquets . . . that goes double
for Dr. Kayser as an ideal and decidedly impartial
chairman . . . and a funeral bouquet of poison-ivy
for "the man in the white apron" who has
taken upon himself the obligation of pointing out
to a traffic policeman cars parked in the vicinity
of Twenty-first and H streets in alleged violation
of the parking ordinance (we suspect his identity).

Greetings from Alumni

On the eve of this first annual Homecoming Day, many letters and
telegrams of greetings and support were received from alumni
throughout the United States, alumni who though not present are
united with us in spirit. The sentiment of our graduates can best
be appreciated by reading a few of these letters:

To the Alumni of The George Wash-
ington University:

It is with the keenest pleasure that
your association welcomes you upon
your return to the University.

This Homecoming celebration—the
joint project of the General Alumni
Association, the University Adminis-
tration, and the Student Council, is to
be the first of a long series of home-
comings which will make George Wash-
ington the mecca for all of its sons and
daughters at the Thanksgiving season.

Our first Homecoming, with peculiar
fitness, falls in a year of deep signifi-
cance for The George Washington Uni-
versity. The Bicentennial celebration
of the birth of George Washington oc-
curs, happily, at a momentous period
in the history of the institution which
carries forward his name and ideals.

The year Nineteen Hundred and
Thirty-Two—the one hundred and
twelfth in its history—has seen the
culmination of plans for the strength-
ening of the University along many
lines. Today you have the opportunity
to view the improvement in the Uni-
versity plant, and to renew contact
with the body of scholars and the edu-
cational program that place your Alma
Mater in a position of academic lead-
ership. Tomorrow you will see upon
the field the team responsible for the
University's mounting reputation in in-
tercollegiate athletics. The quickening
of alumni activity and enthusiasm,
notably observable this year, is indi-
cated in your response to the Home-
coming celebration.

Last February the University opened
its observance of the George Wash-
ington Bicentennial by conferring hon-
orary degrees upon 23 of our number
who have won special distinction. It
closes that observance today by call-
ing home the entire alumni body to re-
joice with it in the present great pro-
gress.—Daniel Le Ray Borden, A. B.,
M. D., President, General Alumni Asso-
ciation.

To the Alumni of the Law School:

The officers of the Columbian-George
Washington Law School Association
join with the faculty and students in
extending a cordial greeting and hearty
welcome to the Homecoming Alumni of
the Law School.

We anticipate with pleasure your
attendance at each of the interesting
functions which have been planned for
your entertainment by the undergrad-
uates and the General Alumni Asso-
ciation.

May the renewal of associations
bring joy to you as it does to the Uni-
versity which welcomes you home
again.—Matthew H. O'Brien, President,
The Columbian-George Washington Law
School Association.

To Medical School Alumni:

Welcome Medical Alumni! It is my
desire to extend a welcome to all the
local and out-of-town alumni to this
first Homecoming celebration of the
George Washington University, and I
am sure that you will go home with a
greater enthusiasm for your school.

I especially desire to welcome most
cordially the medical alumni on behalf
of the George Washington University
Medical Society, and invite them to see
the new medical school building, visit
the new laboratories, inspect the refin-
ished old buildings, become acquainted
with the new faculty members, and re-
new old friendships.

I trust we may meet once more to-
gether during this celebration, at the
auditorium on "Stunt Night," at the
football game, and at the alumni re-
ception at the Mayflower Hotel.

Welcome, Medical Alumni.—(Signed)
John A. Reed, President, George Wash-
ington University Medical Society.

Alumni Office,
George Washington University,
Washington, D. C.
Gentlemen:

Jefferson City, Mo.—I have your no-
tice of the great Homecoming planned
for the Alumni of the University on
November 23 and 24. I need hardly
say that I regret I cannot attend.

This letter goes to you because I
want you to know I never forget old
George Washington U. I have not
been able to be back since my gradu-

Radio Squad Vanquished by Freshman Eleven in Hard Contested Mud Battle Thursday Afternoon in Griffith Stadium

Plotnicki Dashes 50 Yards for Touchdown After Fumble Yields Safety

By ROBERT HERZOG

Driving through a literal marsh, the freshman eleven defeated the varsity radio squad, 8-0, Thursday afternoon in Griffith Stadium. The water-soaked ground failed to dampen the enthusiasm of 1,000 loyal rooters in the stands. Weak cheers by small groups of freshmen and roars from varsity regulars in the press box added color to the occasion.

Led by diminutive quarterback Don Zuber, the Sextonites kept the ball in enemy territory in the last three periods of the game; once, early in the first quarter, the "etherians" threatened the goal from the 10-yard line, but they were never again within teasing distance.

The freshmen did all of their scoring in the third quarter. Consistent drives through the "radio" line and around the ends placed the ball on the six-yard line, where it was lost on downs. Steele dropped deep into the end zone to punt, the wet ball slipped from his fingers, he recovered and attempted to run it out of danger, but Stagg tackled him behind the line for an automatic safety, scoring 2 points.

Steele Tries Place Kick

Steele then place-kicked from the 20-yard stripe, and the ball was downed in midfield. On the first play Plotnicki skirted left end for 50 yards, and netted a 6-pointer. This was the only long run of the game. Avoiding three tacklers at the scrimmage line, he ran wide, but the wet field slowed his pace and it seemed momentarily that Trilling would be able to down him before he crossed the line, but the shifty 175-pound back managed to avoid the safety man and scored unmolested. Bomba's placement for the point was weak.

Hitting the line for average gains of five yards, Bomba and Davenport played high class football for the first year men. Little Zuber rounded the ends on two occasions for 12-yard gains, and plunged through tackle for consistent advances. The line-up and box score:

Bennefield	R.E.	Wray
Deming	R.T.	Thompkins
Harrison	R.G.	Albert
Rathjen	Center	Bovee
Smith	L.G.	Blackenship

Sports Department Announces Winter Classes to Women

Dancing, Gymnastics, Tumbling Included in Athletic Program

The physical education department for women announces its winter sports program with all new classes starting Thursday, December 1. A greater variety of activities than ever before is offered to sophomores and upper classmen. Freshmen may choose from several courses to fulfill their required work.

Folk dancing, rhythmic dancing, gymnastics and tumbling, athletic and clog dancing, basketball, and volleyball compose the group of activities from which sophomores may choose.

Freshmen are somewhat more limited in their selection. For their required credit they may take either rhythmic dancing, or gymnastics, games, and tumbling. As electives without credit, volleyball and basketball are offered the first year women.

Dancing Classes Scheduled.

Dancing classes are scheduled as follows: Rhythmic, elementary—Monday, Tuesday, Thursday and Friday at 1:10 p. m.; advanced—Tuesday and Thursday at 2:10 p. m. Athletic and clog dancing classes meet Tuesday and Thursday at 11:10 a. m., while folk dancing comes Tuesday and Thursday at 9:10 a. m. and Monday and Friday at 11:10 a. m. Gymnastics, games and tumbling are scheduled Monday, Tuesday, Thursday and Friday at 1:10 p. m.

Class team practices in basketball Monday, Tuesday, Thursday and Friday at 1:10 p. m., and for sophomores are listed for freshmen and juniors and seniors at 2:10 p. m. on the same days. Volley ball will be offered at 3:10 p. m. every day except Wednesday.

Basketball Team Challenges

The Pharmacy School basketball team has issued a challenge to teams of other schools in the University to engage in intramural contests. Anyone interested should communicate with Sam Latons or Sidney Nathanson.

A leader was established in League B, while the lead for League A remained in a tie as the results of last week's games in the Greek basketball tourney.

S. P. E. exploded the Acacia bubble to gain the League B lead, by winning 55-21. Featuring excellent guarding, Sigma Nu gained an easy victory from S. A. E., 39-11. The Deltas won from Theta Delt, 39-29. Kappa Sigma rounded out Tuesday night's games with a win from Sigma Chi, 28-11. Kappa Alpha scored her first win in a one-sided contest with Sigma Mu Sigma, 40-4. Phi Sig won from T. U. O., 39-18.

Sigma Nu in their victory over S. A. E. exhibited a fine passing game, with ability to perform better under pressure. Allen, who alone scored enough points to win, and Brown of Sigma Nu were brilliant in their play. Bradford of S. A. E. pulled the prize boner in attempting to shoot a basket for Sigma Nu.

The Delta-Theta game was marked by good and bad playing. Latona for the losers played exceptionally well in piling up the high score of 18 points. Parish was high scorer for the Deltas, but was ably aided by Lincoln and Alfaro.

Kappa Sigs Win

Kappa Sig placed itself in a position to share the league lead by its win over Sigma Chi. Staubly continued his excellent playing for Kappa Sig and led his team in scoring with 14 points to gain a position among the five leading scorers.

Kappa Alpha registered their first win in the tourney over the weak, but game Sigma Mu Sigma team. Baskets were rung up with regularity by K. A. with Loose, high man, scoring 16 points. Chamberlain, as usual, was the whole team for Sigma Mu, and scored the only points for his side.

Another of the crucial games was that between Phi Sig and T. U. O., in which T. U. O. was practically eliminated from consideration for the lead. A splendid defense held T. U. O. to five field goals, and enabled the Phi Sig courtmen to command most of the play under their opponents' goal. Olverson, by scoring 15 points, held his position among the five leading scorers. The defensive work of Burke for the winners, and Newland for T. U. O. was outstanding.

The highly important game between Acacia and S. P. E., which had been expected to be quite an entertaining struggle, turned out to be one of the well known "fizzles." Except for the first two minutes of play, S. P. E. had the game under complete control. Showing a well versed system of play, the Sig Ep courtmen, greatly aided by the height of Wickham, their center, repeatedly gained the tap-off and had the ball in the basket before their opponents had barely left their positions. Howell, one of the most polished courtmen in the tourney, gave a great exhibition of both fancy and orthodox shooting.

Colonials Underdogs According to Pixlee

Not an even chance against Oklahoma! That's what Coach Pixlee says about George Washington's chances in the big game. "The Colonials will enter the game as underdogs," says the coach, in a Hatchet interview. This will be particularly true, according to the Colonial grid mentor, if the team enters the fray thinking it is just another ball game.

But he intimates there will be a real battle if the team is fighting and playing up to its potentialities.

Mr. Pixlee states that Oklahoma has a heavy, powerful line and a brilliant passing attack, with Dunlap, the best heaver in the Big Six Conference, doing the throwing. He warns that Oklahoma defeated Kansas by two touchdowns, only one less than Notre Dame took to defeat the Kansans.

Varsity Basketball Squad Working Out Regularly in Gym

Game With Shenandoah Is First Hurdle in Quest for Undefeated Season

With the annual opening varsity basketball game with Shenandoah College but two weeks off, the team has been working to regain the high efficiency of last year. Although G. W. has turned in victories for the last three years, the Virginians have always presented a fast, scrappy team.

Practice is held in the H street gym every day. At present there are 15 men trying for berths on the team and eight more will be out after the football season. Coach Pixlee plans to carry a squad of 15 during the season. The men who will be out after the football season are Fenlon, Chambers, Mulvey, Bill Parrish, Wray, Norton, Tomkins, and Ricketts.

Wick Patrick, high point scorer in the District, and Forrest Burgess, runner up, will be back in their old positions as forwards. Hertzler, center, and Chambers and Capt. Zahn, guards, have also returned. There are also several men from the last year's freshman squad who may get into actual combat before the season is over.

Duquesne University, who last year, after being defeated early in the season, broke the Colonials' unbeaten record with a 38-32 win, will be met in Pittsburgh on January 9.

FINAL GAME WILL FEATURE PROGRAM

(Continued from Page 1.)
up four victories and taken four defeats this year. Playing in the Big Six Conference, the Sooners have met the cream of the South and Middle West in a schedule that has numbered one tough game after another. Not a single "breather" has lightened their load and in such a suicidal list, their defeats have been by only one touch-down.

Against Tulsa in their season opener the Sooners showed their best form in walking away with a 7-0 victory. Saturday they held the Nebraska University eleven to 5-0. It was this same Nebraska grid team that held Pitt to a 0-0 score two weeks ago. The unusual score of five points resulted from a blocked punt which netted a safety and two points, and a well-placed field goal for the other three. Nebraska constantly threatened the Oklahoma goal line, but was repulsed by the iron forward wall of Coach John "Bo" Rowland's crew. This line held against Nebraska's hard hitting backs four times on the one foot mark.

Last week the Sooners met and conquered Iowa State 19-12. This feat was accomplished without the aid of some of their best players: Bill and Art Panse were out with injuries, Bill, tipping the scales at 155, plays the tailback position; and Art, 165, is a blocking back. Smitty Watkins, 170 pound end, was also missing from the line-up. In that game Bob Dunlap punted 63 yards across the goal line, and passed successfully to Fred Cherry five out of six tries for a total gain of 70 yards. Dick Simms, 160-pound running back, gained 144 yards in 32 plays through the line, averaging well over four yards for each try.

Coach Uses Warner System
Coach Lewie Hardage, a Vanderbilt man of 1912, has installed a system taking off from the original Warner idea. He uses a short punt formation with a single wing back, the same system as that employed by Vanderbilt. In the use of this system the backs, instead of assuming the customary designations of half back, full back, etc., are termed blocking backs, running backs, and tailbacks.

Oklahoma possesses material particularly well suited to fill in the many difficult positions of a Warner backfield. Coach Hardage has besides those already mentioned, Red Chambers, substitute blocking back weighing 185; Jim Stacy, 200 pound back; and Ab Walker, a tailback substitute.

On the line he has the services of Paul Young, acting captain of the team, weighing 180 pounds and measuring six feet four inches. In the Iowa game, the two running guards, Jiggs Whittington and Ellis Bashara, were brilliant. In the tackle positions Core-

Good Speed Shown At Swimming Trials

Rote, McMillan and Ghormley Approach World Speed Records

Time trials at the Ambassador pool Wednesday night indicated our natators are developing "swimmingly." The times were exceedingly good for the early season. Max Rote, District A. A. U. 50 and 100-yard free-style record holder, missed the world speed mark only three seconds by swimming the 50-yard crawl in 26. Bob McMillan was close behind with a 27. Dyer Ghormley, District 220-yard free-style champion, came within three seconds of the world speed record by swimming the 50-yard breast-stroke in 32. No back stroke or free-style trials were taken.

Coach Lyman's plans for a water polo team are materializing rapidly. Much time was devoted last week in practicing for the tentative schedules with the Washington Canoe Club, Ambassador, and Shoreham water polo teams. The first exhibition is expected within a few weeks.

Captains for the season's varsity and freshman swimming teams will be elected this week. Max Rote was captain of the varsity team last year and has been acting captain this year.

Another exhibition has been added to the swimming team schedule. G. W. U. will meet the University of Virginia on January 28.

at 220 and Haag at 220 form an impenetrable stronghold.

The average weight of the backfield is over 175 pounds, and the line is around 198.

Chesterfields are Milder —
Chesterfields Taste Better

As smokers become more experienced, they demand milder cigarettes. Chesterfields are milder. Their mildness is just as much a feature as the beauty of their package.

The tobaccos are mild to begin with. Patient ageing and curing make them milder still. And Chesterfields contain just the right amount of Turkish—not too much—carefully blended and cross-blended with ripe, sweet Domestic tobaccos.

Chesterfields are milder. They taste better. That's why "They Satisfy."

Chicago, Ill.—Over a hundred loyal alumni in Chicago and vicinity send greetings on the occasion of the University Homecoming. More than 50 of us met with President Marvin last week. We will be with you in spirit and some of us hope to attend the meetings in Washington.—Howard W. Hodgkins, Secretary, Illinois Alumni Association.

New York, N. We congratulate you upon this auspicious occasion and wish to express our sincere appreciation and thanks for your message of welcome, together with our very best wishes for a happy and successful celebration.—The George Washington University Alumni Club of New York. By Gen. Avery D. Andrews, President.

Hartford, Conn.—I am in receipt of your attractive program for the Homecoming on November 23 and 24, but owing to the distance and lack of available time, it seems impossible for me to be present. I hope it will be a very successful occasion, and I am proud to see the University taking such a prominent place among the educational institutions of the country. Very truly yours, (Signed) M. Allyn Wadhams.

Fillmore, Calif.—"To show my good will," and his regrets that distance keeps him from attending.—Elmer Eugene Marshall, Pastor of Grace M. E. Church.

Salt Lake City, Utah.—Greetings from Salt Lake City. May your Alumni Homecoming be successful in every way.—William F. Beer, President, Utah Alumni Club.

SCENE FROM "HAPPY LANDINGS" WILL ADD TO COLORFUL STUNTS

(Continued from page 1) in this year's show, will appear. Katherine Wessels and Grant Van Demark, who were in the original production of "Happy Landings!" will again take part.

The Royal Blues Orchestra, a ten-piece unit, which will play on the stage during the scene, is donating its services to the Troubadours. Six of the men were until recently members of a prominent Victor recording orchestra. Dan Beattie will conduct. In addition to playing the hit numbers of "Happy Landings," the orchestra will play one of their own popular specialties.

Mitchell to Manage Added Winter Sport

With the appointment of Helen Mitchell as manager of volley ball, that sport, an innovation this year, becomes a regular part of the winter program of women's sports. Four classes a week will be offered. Sophomores may obtain credit for volley ball, while freshmen and upperclassmen may choose it as an elective with no credit.

Four class teams will be picked from the group out for volley ball, and an interclass tournament will be run off as a part of the annual Winter Sports week at the end of the new season commencing December 1.

Would you like to attend "Oh, Say! Can't You See?" free of charge? Winners of the puzzle contest described below will receive gratis six tickets to the Troubadour production, which will be given at McKinley Auditorium on December 14, 15, 16, and 17.

The contest began last week, but it's not too late to enter. So dig up your copy of the Hatchet for November 15 and get busy!

Here's what you do: Clip the scrambled photographs appearing above, cut them along the white lines, and reassemble them to form the likeness of three prominent members of the cast of the Troubadour production. Below each "unscrambled" picture give the name of the player, with the aid of the rhyming couplets and news stories concerning the show.

Repeat the process with the pictures

appearing in last week's Hatchet, and with a third set of pictures which will appear in The Hatchet for November 29.

When all nine pictures have been assembled and identified, write a 100-word letter on "The Widespread Reputation of Troubadours." Submit letter and pictures to The Picture Cut Editor at The Hatchet office, on or before Friday, December 2, on which date the contest closes.

For the best letter and most correctly assembled set of pictures, in the opinion of Coach Denis Connell and the Troubadour directors, there will be awarded two \$1.50 reserved seat tickets to the show. The winners of second and third places each will receive two \$1.00 reserved seat tickets. Winners of the contest will be announced in The Hatchet for December 6.

Oklahoma Team Arrives Wednesday Via Southern

Arriving Wednesday morning on the Southern Railway the members of the University of Oklahoma football team will move to the Harrington Hotel, which will be their headquarters during their stay in the Capital City. The Sooners will probably drill in the Griffith Stadium Wednesday afternoon.

Students in any way connected with the Troubadours are ineligible to enter the contest. But to the rest of you undergrads, once again, get busy!

"Nature in the Raw is seldom MILD"

THE PILGRIM'S FIRST WINTER
"Nature in the Raw"—as portrayed by Herbert Roes, celebrated painter...inspired by the bitter hardships endured by America's first settlers in their conflict with raw, wild nature (1620). "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper

aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies

Stokowski Attributes Advances to Snags

Great Musician Says That Successful People Are Stupid

By KATHRYN DILLE.

Leopold Stokowski, who directs the Philadelphia Orchestra tonight at Constitution Hall in a program of Brahms and Wagner, expressed some interesting personal views in an interview granted exclusively for The University Hatchet.

"Successful persons are stupid," he declared. "They have stopped growing—they are standing still."

"I am not a successful man. I want always to grow—to progress; for to stand still is to die." He weighed every word with thoughtful precision.

"Without obstacles I do not believe I could have gone this far. You know you need obstacles to carry on."

Likens Inspiration to Melody.

Besides obstacles to goad him on, Mr. Stokowski attributed many of his accomplishments to inspiration, that inner urge which he described thus: "I feel that inspiration is almost like a melody, or rhythm, like music I hear deep inside me, as if it were a long way off."

Mr. Stokowski listened to that still small voice when he gave up science for music. At 16 he pedaled an organ. He has climbed from one rung of the ladder to another, and yet he has not reached the top of the ladder of his ambitions, according to his own statement.

A truly remarkable man—Mr. Stokowski. He is looking ahead to an endless road of accomplishments.

Symphony Orchestra Debuts at Wardman

With less than a month of practice, the new George Washington University symphony orchestra, organized and directed by Louis Malkus, made its initial appearance in the pit of the Wardman Park Theater last Friday night to furnish the music for "Cock Robin."

The new aggregation is a creditable addition to the University's musical personnel. Director Malkus, in planning to enlarge and improve the orchestra, is particularly anxious to add more violins.

Journalism?

Thomas W. Gerber of the executive staff of the United Press says: "Seeking, reporting, interpreting and distributing news is today a complex business, an exciting profession, a responsible career. It is a field only for serious-minded, clear-thinking men and women. The day of romantic, adventurous assignments is largely over."

THERE'S no more "newspaper game." Today, it's a business—still exciting, but calling for all-round resourcefulness. That's why newspaper men agree with college men in choosing a pipe as their favorite smoke. A pipe helps a man organize his mind for clear thinking.

Why did college men choose Edgeworth as their favorite smoking tobacco? Because it's individual! A blend of fine old burleys that's different.

But the proof of the pudding is in the eating. So drop a line to Larus & Bro. Co., 105 S. 22d St., Richmond, Va., and let them send you a free sample of Edgeworth to try before you buy. You'll like it!

*A recent investigation showed Edgeworth the favorite smoke at 42 out of 54 leading colleges.

Baptist Union Elects Officers at Meeting

State Convention Acclaimed Success by Students of Five Colleges

At the closing session of the Maryland and District of Columbia Baptist Student Union convention Sunday afternoon, three George Washington University students were elected to state offices of the organization. Charlotte Speiden was chosen president; Frances Carden, secretary, and Howard Rees, vice president.

Representing five different colleges, the students were unanimous in their acclaim of the success of the convention, which was under the direction of Ernest Haines, a former George Washington University student.

The delegates especially enjoyed the address of Frank H. Leavell, of Nashville, executive secretary of the Baptist Student Union in the South, in which he portrayed the dangerous economic and political situation of the world today, and challenged the students to name one Christian of great international influence. "The three men of the widest influence at present are Stalin, Ghandi and Mussolini, and not one of these is a Christian."

RICHARD A. TILDEN WINS CONTEST

(Continued from page 1)
order is based upon a foundation rotted by insecurity and inequality. Before we can hold any leader responsible, we must uproot this outworn basis and replace it by another made of the sturdier substance of security and justice to all. Under socialistic regime, the government would propose to hire the best minds in America to supervise every industry, and pay them salaries based upon their skill and merit.

Mintz declared that our present system of capitalism was and always would be stable; it had not collapsed in panic but still maintained the balance of a democracy. He further stated that Socialism and all that it contains should make every true American citizen turn pale.

During the intermission of the contest the University Men's Glee Club sang "Old King Cole," "Old Man River," and "Alma Mater."

Six students contested for the prizes. Tilden will receive \$15 in gold, Elizabeth Reeves, \$10 in gold, and Mintz, \$5 in gold, at the class night exercises in June.

Kayser Presides
Prof. Elmer Louis Kayser acted as chairman of the contest. The judges were Dr. Stephen E. Kramer, assistant superintendent of schools of the District of Columbia and alumni representative of the Board of Trustees, who announced the result; Mr. Gilbert L. Hall, lecturer in the Law School and national vice president of Delta Sigma Rho, and Prof. S. Chesterfield Oppenheim, of the Law School.

The Davis contest is sponsored annually by the public speaking department and in this, its 85th year, was supervised by Harold F. Harding, assistant professor of public speaking.

Sophis' Homecoming Program a Mystery

Not to be outdone in the matter of elaborate presentations for Homecoming, the sophomores have gotten a program well under way. Just what this mysterious "something" is, unfortunately, can not be revealed.

Oklahoma Band Will Be Here for Game

According to a telegraphic exchange of messages between Oklahoma and George Washington Universities, it has been ascertained that the first unit of Oklahoma's colorful 350-piece band will come to Washington to participate in our Homecoming program. This unit contains 150 pieces.

Oklahoma University's band is probably the best drilled organization in the Middle West, executing military maneuvers in a smart and snappy manner. With crimson and white uniforms much like those of the West Point cadets, this famous aggregation will lend a picturesque note to the already colorful program prepared for Thursday's game at the stadium. Should the Sooners' musicians arrive tomorrow, it is probable that they will take part in Stunt Night at Washington Auditorium.

Master Orators

Richard A. Tilden, Elizabeth Reeves and Seymour Mintz get together for the camera man after winning first, second, and third prizes, respectively, in the Davis prize speaking contest last Tuesday evening.

Thespian Ability, Directorial Technique Make "Cock Robin" Best Play Yet

Latest Dramatic Effort of Colonial Players Shows Worth of Campus Drama Club; Settings Artistic

"COCK ROBIN," a play written by ELMER RICE and PHILIP BARRY, was presented by THE CUE AND CURTAIN CLUB of George Washington University last Friday and Saturday evenings. Directed by CONSTANCE CONNOR BROWN, reviewed Friday night by GORDON V. POTTER.

Given eleven characters of almost equal importance, fine directorial technique, artistic settings, and a clever and baffling script, the members of Cue and Curtain in their production of the ingenious mystery, "Cock Robin," last Friday eve, proved themselves amateur thespians of the finest type. This latest dramatic effort of the Colonial players shows conclusively what they are capable of accomplishing when given a vehicle comprehensive of modern expression.

It is exceedingly difficult to pick out stars in this play, the whole cast being uniformly excellent. However, a brief review of the characters is in keeping and certainly their fine individual performances deserve comment and mention.

Sol Orleans as the vociferous hard-boiled director, McAuliffe, offered his usual scintillating performance. Grant Van Demark was exactly fitted to his part of the blustering Julian Cleveland and surprisingly, his delivery was one of the most professional offered. Jack Richmond did well with the rather weak part of the hero, Richard Lane, and Royal A. Gunnison was smoothly suave in the part of the world-weary Hancock Robinson.

Elizabeth Rice brought the house down with gales of laughter when she gave a speech between the first and second act as the civic leader of the Cope Valley Players. The rest of her performance was equally as amusing. Amanda Chittum improved immensely over her last part in the "Contrast." Taking the ingenue part, her emotional scenes were particularly convincing. Tom Taylor played the part of the near-sighted Clark Torrance and his execution of this amusing character was nothing short of excellent.

Newell Lusby who, besides constructing the artistic sets, played the part of Dr. Edgar Grace with a remarkable restraint.

Maxine Kahn as the assistant stage director, Maria Scott, amuses and surprises everyone with her "camera eyes" that "Kodak" as she goes. Margaret E. Gilligan as Helen Maxwell gives a weak part strength by steady delineation. Kenn Romney, aside from a bit of over-acting in parts, is amusing in the part of the stage manager, Henry Briggs. Don Wilkins is comparatively good in the John Jessup part.

Due credit must be given to Constance Connor Brown for the fine directing which is evident throughout the production.

All in all, the choice of the recent opus by the local players was an excellent one.

Ping Pong Exhibition in Gym Will Provide Helpful Pointers

An exhibition of ping pong played as it should be played will take place in the George Washington University gymnasium today at 12:15. Mr. Black, a student of the University, and the District of Columbia champion, will oppose Mr. Rees, stellar ping ponger of the Shoreham Hotel.

The rules will be discussed as well as the correct technique of attack, defense and stance. Admission is free. With such excellent ability presenting the exhibition the game should provide points of interest to the ping pong followers about the University.

rates a policy which must be continued if the Cue and Curtain is to build a reputation and maintain its place with neighboring colleges behind the footlights.

Something for pipe smokers to think about!

ABOUT 1864, farmers began to grow White Burley Tobacco. A few casks were taken to the St. Louis Fair in 1867 and sold for 58c a pound.

White Burley Tobacco is used to make Granger. It is the best pipe tobacco that grows.

You will notice the difference as soon as you light up your pipe of Granger. It burns slower, smokes cooler and never gums a pipe.
